Dear Ms. Slama,

I just wanted to email you and let you know how my life has been since I left Sol House. In October of 2012 I left Missouri and I am now living back in Lake Havasu City Arizona. I finally got my GED in February and started a career in the medical profession. I am now a medical assistant for an agency called New Horizons. They deal with providing medical care and housing for the mentally disabled. I have three clients of my own and I love them dearly. I got married in August to my beautiful wife XXXXXX and we now rent a two bedroom apt in the middle of town. We are getting ready to move into a three bedroom house once it is finished. New Horizons is an excellent place. I always get a chance to work overtime with a hefty pay roll and full company benefits including company cars. They are taking good care in supporting me and the wife. I am happy to say that I made my life something after leaving the Sol House just by putting my mind to it, and of course some help from God. I hope that other living in the Sol House will find Hope that Sol House isn't the end of the line but a beautiful beginning to a life they could potentially have.

My best wishes for all of them. I love you all

Sol House
